

## PLSA North London Group Meeting

Tuesday 27 November at 5pm (registration from 4.30pm)

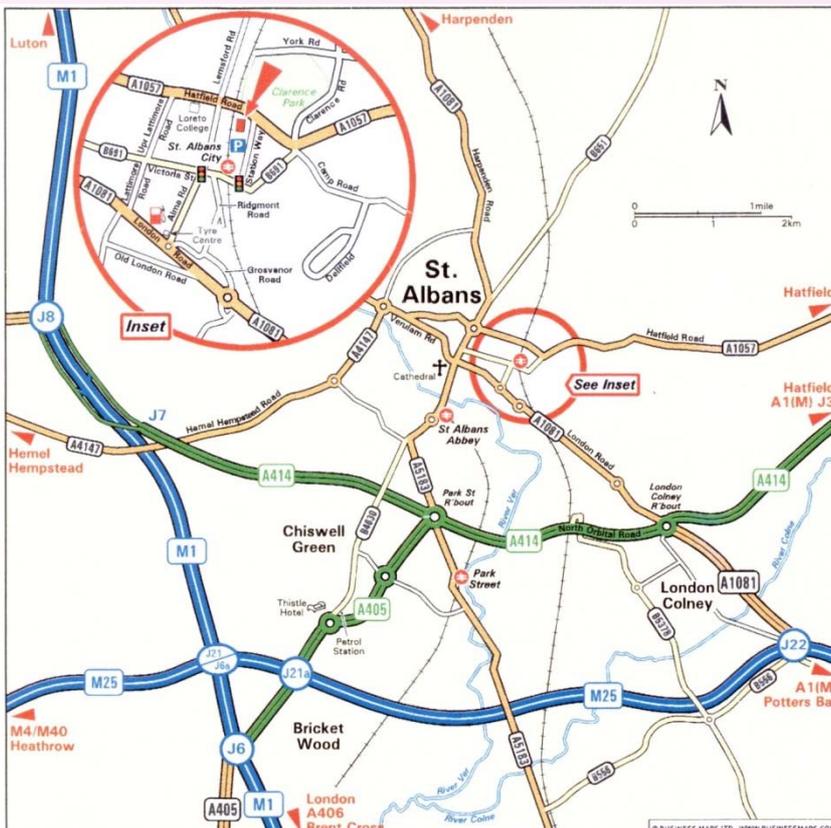

### Update on fraud, data security and GDPR

In this session, Liz will be exploring data security issues and cyber risks, in the wider context of pension scheme fraud and examining why these are issues that should be on the agenda for all pension scheme Trustees and their advisors – particularly since the implementation of GDPR earlier this year.

Elisabeth Storey is an Audit Director at RSM. Liz has been working with pension scheme clients since 2000, providing a range of audit, accounting and covenant assessment service work during that time. Since joining RSM in 2012, Liz has focussed on auditing schemes and is responsible for leading the audits for a portfolio of schemes, including several of RSM's largest clients with assets in excess of £1bn. In addition to client work, Liz is a member of RSM's Pensions

Technical Forum, providing technical support to and sharing best practice with RSM's National Pensions Group and regularly delivers RSM's internal Pensions Training programme. Liz leads the development of RSM's Fraud Risk survey and presents at industry events on this and more general pensions subjects, in addition to delivering cyber risk training to Trustee boards.
