TECHNICAL CHANGES TO AUTOMATIC ENROLMENT: DRAFT REGULATIONS (2016)

Dear James,

The Pensions and Lifetimes Savings Association welcomes the opportunity to respond to the above consultation. The Association is supportive of the Government's efforts to make automatic enrolment simpler for small employers where these efforts do not cause further delay to the staging and phasing timetables so that the right workers can begin to build up the pensions they deserve and will need.

We believe that the proposed changes in this consultation achieve this balance and look forward to working with the DWP and the Regulator over the coming year to make automatic enrolment amongst small employers a success.

Yours Sincerely,

Sarah Woodfield
